

## ANU Parking Information

The following is some important information regarding parking at the ANU during the 2012 FFA Futsal National Championships. During the week of the nationals, the ANU will also be hosting another large sporting event, and as such parking space will be hard to come by. They have given the following suggestions in regards to finding parking space during the nationals tournament:

1. Team arriving by bus should be dropped off at the North Oval car park across Barry Drive, and walk over from there. The roads there are much wider and therefore much easier for the buses to get in and out of. There are also pedestrian lights to use to cross the road.
2. The car park next to the sports halls will probably be completely packed most if not all the time. There are other parking options nearby in the ANU which you can try. All parking at the ANU is pay parking between 8:30am-5:30pm. The ANU have parking officers and they will fine people for parking illegally.

The map below shows some of the parking options available.
